

Star Light And Time

Date

Sunday, Oct 16th

7 – 8:30 pm

Location

His Church
Tri City
2334 E. Southern
Tempe, AZ
NE corner of
Southern and 101

www.AZOSA.ORG

Creationist scientists have proposed several ways to use Einstein's general theory of relativity to explain how we can see distant galaxies in a universe only thousands of years old. Dr. Humphreys has built this one by extensively using what Scripture says about the heavens. It, and the other creation cosmologies, are good alternatives to the Big Bang theory and its billions of years.

**This meeting, as with all
AzOSA meetings, is FREE!**

Featured Speaker

Russell Humphreys, PhD Physics
Russ worked for several decades
in high energy research at Sandia
National Laboratories in
Albuquerque, New
